

Cermonial Speech: Introduction of Thanos from Marvel Comics

- 1 The man speaking here today is truly someone extraordinary.
- 2 What this man can do with the snap of his fingers is more than most will ever accomplish in their entire lives.
- 3 He is a man in love with death, he is cursed with immortality, and he can control reality as if were a mere thought in his mind.
- 4 What this man has done to get there took great dedication, great talent, and great sacrifice.
- 5 There has been great sacrifice indeed, but this man knows that you have to break a few eggs in order to make an omelet.
- 6 Though he's quite controversial, there's no doubt that he is rewriting history.
- 7 It's the Mad Titan, the one and the only, the purple skinned power-player himself, everybody give a warm welcome to Thanos!
